105.                <article>↵
106.                    <h2>Behance</h2>↵
107.                    <p>Various media and design projects uploaded by designers
    both in the ↵
108.                        field and in school or practicing to show off their
    design work. Great ↵
109.                        website to find some inspiration. Also has frequent
    streams of designers ↵
110.                        using various Adobe software in design challenges.↵
111.                    </p>↵
112.                    <a class="button-link" href="https://www.behance.net/"
    target="_blank">Visit Site</a>↵
113.                </article>↵
114.                <article>↵
115.                    <h2>Webdesign-inspiration</h2>↵
116.                    <p>A website I discovered near the end of 2018, webdesign-
    inspiration.com is ↵
117.                        a website by one motivated web designer who links
    various websites that look ↵
118.                        appealing. Great way to explore what works, what doesn't
    work and to even figure↵
119.                        out how a certain designer coded a certain element in
    their site.↵
120.                    </p>↵
```

```
121.            <a class="button-link" href="https://www.webdesign-
       inspiration.com" target="_blank">Visit Site</a>↵
122.            </article>↵
123.            <article>↵
124.                <h2>Dribble</h2>↵
125.                <p>Another inspiration/portfolio website like Behance in
       which designers can↵
126.                    upload work and gain feedback. The only differenceis
       that Dibble has mostly ↵
127.                    smaller projects uploaded like a web page where Behance
       would have designers ↵
128.                    upload a whole website they designed.↵
129.                </p>↵
130.                <a class="button-link" href="https://dribbble.com/"
       target="_blank">Visit Site</a>↵
